Subject: Spring Payment Plan Sign-Up

Greetings from Student Financial Services.

Would you like to spread your Spring tuition payment over 5 months instead of paying all at one time? The Spring 2017 term payment plan is now available for enrollment online through QuikPay@UVA. To access your QuikPay@UVA account, log in to SIS at <http://www.virginia.edu/sis>.

While it is by no means required, the payment plan serves as an attractive and popular alternative to paying the bill all at once by the January due date. Under the plan, you can spread out your payment for tuition and fees, UVA housing and UVA dining charges over 5 months, beginning in November 2016 and ending in March 2017. There is a \$35 registration fee for the plan, and there is no interest charged.

The payment plan requires that you sign up for each term separately. Even if you participated in the payment plan for the Fall 2016 term, you will need to sign up for the Spring 2017 term, if you wish to participate. If you did not use the payment plan for Fall, but wish to for Spring, you may sign up now. The last day to enroll in the plan is December 21, 2016, but a down payment, calculated automatically when you enroll, will be required for those who enroll after November 3, 2016.

For enrollment instructions, payment options, and budgeting guidance, visit <http://sfs.virginia.edu/payplan>.

Thank you from Student Financial Services.
