6. You'll be taken to the payment page where you can enter your payment information. We discourage using a credit card for semester payment plans, as each payment will incur a separate 2.85% fee. Most families choose to pay from a standard checking or savings account drawn on a U.S. bank. Money market accounts, 529 college savings plan accounts, or home equity line of credit accounts are not eligible for online payments in UVAPay. Once you have entered your payment information, click "Continue".
